

Product	Name	Organoid® MOOS GRAU on flax backing self-adhesive
	Article number	MOSGRA0085FVSST
	Producer	ORGANOID® TECHNOLOGIES GMBH Nesselgarten 422 / Top 5 A-6500 Fließ Österreich
Description and applications	Name	Organoid® MOOS GRAU on flax backing self-adhesive
	Description	Natural plant material in full coverage on natural flax backing on strong self-adhesive foil produced climate neutral in Tyrol
	Applications	Suitable for applications on smooth surfaces such as glass, metal, composite materials or rough surfaces like plasterboard or concrete. Ideal for adding a finish to furniture or walls.
Plant material and density	Plant material	Grey upcycled moss
	Density	Premium density, full coverage
Size and weight	Size	Rolled goods, width 1 360 mm
	Thickness	1,4 mm
	Weight	830 g/m ²
Product requirements	Food-safety	Binding agent safe for usage in contact with food in accordance with EU-regulation 1935/2004
Backing material	Material Properties	Non-woven blend of flax and viscose Strong adhesive, backing made from renewable resources.
	Requirements	PVC-free Contains no dangerous substances in accordance with annex 2, § 3 of the regulation (EC) 1907/2006 heat-resistant up to 120° C
Technical implementation	Cut	Use scissors, a cutter or a plotter
	Edges	Allow for imperfections 1-2 mm around the edges
	How to install	Draw the release paper from the self-adhesive foil, place on chosen surface (dry application)
	Pay attention to	Exact placement of the foil is important, as readjustments are not possible due to the strong adhesive qualities of the product
		The haptics and optical appearance of the moss can change with air moisture levels: with increased moisture, the surface appears more smooth and soft, with lower moisture, it is harder and more brittle. This can lead to the

surface area varying slightly. This may lead to gaps forming with butt joint application (up to 2 mm). This is a natural characteristic of moss and not a reason to issue a complaint.

Acclimatisation of Organoid natural surfaces:

- Bring product to room temperature before unpacking
- Store product protected from light, at about 20°C and 50-65 % relative humidity
